## Foreword. . .

To enable the searcher to readily locate and utilize the historical and genealogical matter contained in Taintor's Records of Colchester, Connecticut, this index is compiled. The genealogical matter has been arranged separately and alphabetically, and thus made available without the use of the book. All names in the remainder of the book will be found in the index. With the exception of restoring "u" for "v" in such words as "Evnice" (Eunice), I have adhered to the record spelling, believing that most of the names will be obvious. In a few instances my judgment as to the name intended, is inserted in brackets. Where a name occurs several times on a page, it is indexed but once. The genealogical matter is arranged according to the paging on the book. Children of the same family are indicated by ditto marks.

The following abbreviations are used in this portion of the index: b. "born;" d., "died;" m., "married;" dtr., "daughter of;" s., "son of;" w. or wf., "wife of."
